

### JEAN-MARIE HAMEL, PhD.

With degrees in Spiritual Psychology and Human Development, Dr. Jean-Marie Hamel specializes in educating and inspiring the human spirit. She has worked with thousands of people in the United States and abroad, particularly South America, Australia, Africa, and Europe.

Dr. Hamel's goal of promoting integrated psychological well-being took root while she was growing up on her family's farm in Louisiana. Amidst a myriad of animals, including an elephant in the front yard, a hippopotamus in the back yard, and two resident chimpanzees, she learned the unique ability of merging simple truths with profound insights.

Financial News TV Network describes her as "a highly motivated adult learner who has the desire and personal commitment to successfully accomplish her dreams." Her dream of enjoying a more purposeful, joyful, and authentic life led to her exploration and application of living from the inside out.

Dr. Jean-Marie Hamel resides in Santa Barbara, California. Contact her for information about her speaking engagements, workshops, or one-to-one life coaching sessions.
